## Warley Place

The bulbs have flowered very early at Warley Place this year, after such a mild winter. In the middle of March two bright red rhododendrons were already in full flower in different parts of the reserve. The show of white and snakeshead fritillaries below the Caucasian Wingnut tree on the daffodil bank has been spectacular, with at least two hundred blooms. The huge amounts of daffodils always attract plenty of visitors, but there are so many other things to see as well.

By the time you read this, there will be two more Spring Bulb Spectacular weekends – four days over Easter, and 6<sup>th</sup> and 7<sup>th</sup> April too. Guide books and many other items are on sale in the gazebos then, and there are plenty of volunteers on hand to try to answer all of your questions, so do come along, especially if you have not visited Warley Place before. Unfortunately dogs, apart from guide dogs, are not allowed.

Some of the earlier Spring Bulb Spectacular weekend days had to be cancelled or curtailed because of rain, but on Saturday 9<sup>th</sup> March the donations and sales amounted to well over £1100, which is a record amount for one day. Our card reader means that there is no excuse for people not to be generous! All the money taken is used for Warley Place.

We thank the cricket club for the use of their car park at weekends and on weekdays when large groups have booked guided tours. All of our volunteers also need a huge vote of thanks, but I wish that more village residents would volunteer to help. You really would enjoy it!

## Change of Local Ward Boundaries

The Local Government Boundary Commission is the independent body that draws these boundaries. It has reviewed Brentwood to make sure councillors will represent about the same number of electors, and that ward arrangements will help the council work effectively.

The Commission has published final recommendations for changes in Brentwood. It says residents should be represented by 39 councillors. This is two more than the current arrangements.

There will be 13 wards, a decrease of two. These wards will be represented by three councillors each. The boundaries of most of the existing wards should change; two will remain the same.

More information about these changes can be found at <https://www.lgbce.org.uk/news/press-release/new-political-map-brentwood-borough-council>.

## COOMBE LODGE

Coombe Lodge was a fascinating mansion that once dominated Great Warley and the surrounding area.

Formerly the Squirrels Care Home, until its closure several years ago, Edward Ind (of the Ind Coope brewing dynasty) was keen on farming, politics and brewing. His father (also Edward) founded the Romford brewery with the Coope brothers shortly after purchasing, in 1799, the Romford hostelry The Star Inn. Their business was highly successful and Edward built Coombe Lodge in 1868. The property was approached from a gatehouse (now The Lodge) via a sweeping drive and stood in well over 200 acres of land. Edward died in 1894 and was buried in Cranham Parish Church. His son, Teddy, died in 1909 and his widow Isabella moved to a much smaller house - Coombe which lies to the West along Warley Road. Coombe Lodge and all the land was auctioned, the whole being divided into three lots = first 207 acres of land; second the House, grounds and part of Home Farm totalling 148 acres and last what was then a pair of cottages - Wallets. Coombe Lodge was appropriated for the War effort in both the First and Second World Wars. Largely due to its proximity to Warley Barracks (which post WWII became the European headquarters of the Ford Motor Company.) In the 1960's and 70's the house became a country club and then a nightclub which was rumoured to sometimes be visited by the infamous Kray twins.

The house has been Grade Two star listed for many years.

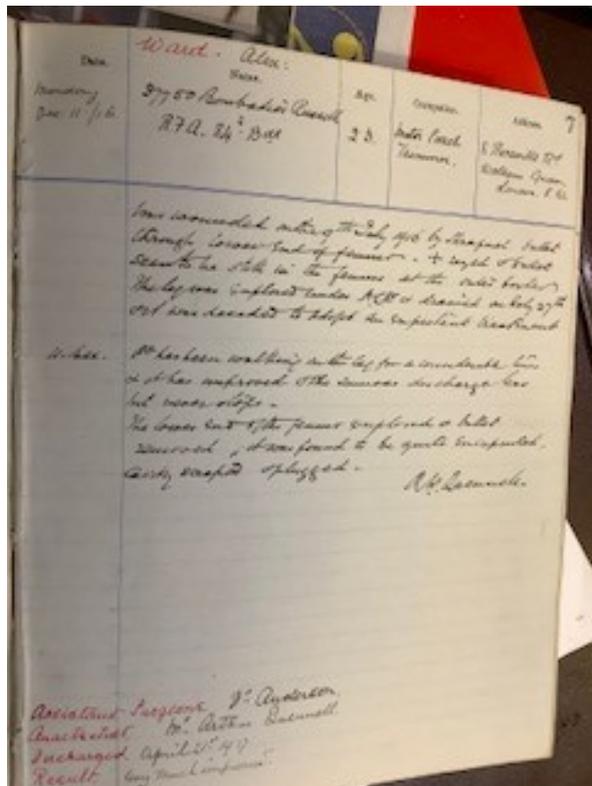

Coombe Lodge c2005

Coombe Lodge was used as a Military Hospital from 1916. Serious cases were taken off the train at Brentwood, to save them the extra journey to Colchester, and rushed to Coombe Lodge where there were more than 80 beds. Apart from a trained hospital sister, the staff was Red Cross and local volunteers. David Grief has kindly agreed for us to copy some of the entries for the Lychgate.

### Notes (transcript from photo below)

Was wounded on 9th July 1916 by shrapnel bullet through lower side of femur. X rayed bullet seen to be stuck in the femur at outer border. ---The leg was explored under ACE and drained on July 27th, and it was decided to adopt an expectant treatment. 11th December 1916 Pt has been walking on the leg for a considerable time and it has improved the serous discharge less but never stops. The lower end of the femur explored and bullet removed, it was found to be quite encapsulated, cavity scraped and plugged. Discharged 21st April 1917 very much improved.
